ability of either the railroads or the car builders to supply.

In speaking of regulation by legislation, President Finley said that there seemed to be the opinion prevalent that the railroad business was not governed by the same commercial conditions, rules and regulations as those that govern any other regular business concern or industry, but that it should be hedged about by such restrictions as would prove fatal to the success of any individual or corporation differs from others only in the fact that it requires a larger amount of capital. He also stated capital for railroads can only be secured if those seeking investments can be reasonably sure of a fair return. Otherwise, capital will be frightened from railroad investment.

President Finley urged that as this was the most important question now before the people, it should be considered not with passion or prejudice, but with moderation and justice, and only after a full and complete understanding of the subject, otherwise, he feared that such legislation might lead to destruction when construction was needed.

Peace Throughout Colombia.

New York, March 21.—Luis Enrique Bonilla, consul general of Colombia, in this city, received the following cablegram from Bogota: "Absolute peace throughout Colombia. In Venezuela near the frontier of Colombia, a revolution has broken out which does not appear to have serious range. The government of Colombia has made efforts and is making efforts to maintain neutrality on the frontier region. The movement against President Castro referred to by President Reyes is said to be led by General Penalosa, who fought in the uprising led by General Malos five years ago."

Cost of Sending Army to Cuba.

Washington, March 21.—Extraordinary expenses to the United States up to date caused by sending an army of pacification to Cuba aggregate about $2,500,000 acording to figures which have been prepared by the war department. The navy department has made no extarordinary charges for the part it has taken in the maintenance of peace in the island, but the marine corps has charged extra expenses for the organization of a brigade of marines to assist in preventing trouble. It has not been determined exactly when this money will be collected from Cuba by the United States rnment.

$750,000,000 Bridge to Open.

Shreveport, La., March 21.—The local officials of the company are preparing for an elaborate celebration on the occasion of the formal opening of the new Cotton Belt railroad bridge over Red river, between Shreveport and Bossier now nearing completion at a cost of $750,000. Vice President and General Manager F. H. Britton, of St. Louis, who was here, set the date for the dedication and formal opening of the structure for March 25. He said he would attend the ceremonies.

Negro Banker Assassinated.

Hattiesburg, Miss., March 21—Edward Howell, one of the most influential negroes in Southern Mississippi, and president of the People's bank, a negro institution, of this place, was shot in the back and killed while on his way home late Tuesday night. The shooting is a mystery but is thought to have been the outcome of financial deals with negroes. Howell stood well with the white people of this city.

Flood Conditions Still Serious.

Chicago, March 21.—Flood conditions are still serious. The village of Dreadfull, near Oroville, has been entirely destroyed by the Feather river. Mor than 200 men, women and children were driven to take refuge in trees and on tops of houses. Small boats rescued many. One boat engaged in rescue work was capsized, and seven were drowned.

MOTHER ATTACKED; INFANT MURDERED

Black Brute Demanded Money From Lady Which

SHE REFUSED TO GIVE HIM

After Refusal of Money, Woman's Life Was Threatened and Black Demon Almost Severed Head of Babe. 500 Men Are In Pursuit of Brute.

Cartersville, Ga., March 21.—A negro brute apeared at the home of Mrs. James Tolbert, the wife of a former mayor of Fairmont, Ga., which is about 20 miles from this city, and demanded that she give him $50. The negro was refused, and then told the frightened woman that he would have that amount or her life.

Terribly frightened, she tried to go into an adjoining room, where her 2-months-old baby was sleeping. The brute seized her in an effort to detain her, and tore off a portion of her clothing.

The distracted mother then fled from the house, and gave the alarm.

The Tolbert house is only a short distance from the business center of the town, and in a little while a crowd had collected, and proceeded to the home of Mr. and Mrs. Tolbert, where they found that the brute had almost severed the head of the sleeping infant with a knife.

Mr. Tolbert was at his business house at the time. The Tolberts are among the leading people of this place.

The whole country is being scoured in an effort to apprehend the assailant, who is described as being a mulatto, with burnsides, weighing about 160 pounds, and about 5 feet 10 inches tall, wearing blue overalls.

It is thought he was the negro Johnson, who was released from the chaingang at Sugar Hill Saturday last, as he fills the description.

The negro has probably been located a few miles north of here, coming in the direction of Cartersville.

He is being pursued by 500 determined men who are close upon his heels with a pack of bloodhounds. His tracks are plainly seen in the fresh ground, and there seems no doubt now of his capture.

A large number of people from this place have left to meet the party and to cut off the negro from possible escape.

Four negroes have been captured, suspected of the assault on Mrs. Jas. Tolbert, at Fairmount.

Two negroes were captured over the state line in Tennessee. Another at Marietta, Ga., and still another at Etowah, 60 miles from Fairmount. They will be held for identification.

It may be that the assailant is an ex-convict.

The Bartow county convict overseer says he released a negro from the gang some time ago that fills the description.

Memphis, March 21.—The Comercial Appeal publishes the following special from Stamps Ark:

Charged with having used a razor with probable fatal effects on Mrs. Ella Rheton, a white woman, and her daughter, and kicking her son, a little child about the road, two negro women were shot to death at McKamie, near here, Tuesday night by a mob.

According to a statement of Mrs. Rheton, she and her two children were attacked by the negro women, while walking along the public road. She and her daughter receiving knife wounds which, it is feared, will prove fatal.

The negro women were arrested and placed unuder guard at a school house at the town of McKamie, that place being without a jail, from which they were removed by the mob at a late hour Tuesday night and shot to death.

CONSIDERABLE INCREASE

Ordered in the Number of Gendarmes on Roumanian Frontier.

Vienna, March 21.—The Austrian minister of the interior, Prince Conrad Hohaelohe Schillingsfuerst, has ordered a considerable increase in the number of gendarmes on the Roumanian frontier in order to prevent riot-out Roumanian peasants from crossing and starting a disturbance in the Austrian territory.

The opinion is expressed at the foreign office that unless the Roumanian government promptly suppresses the agrarian and revolutionary movement in Russia, it is liable to soon get beyond control.

It is believed in Vienna that Russian agents are responsible for the recent anti-Jewish riots, their objects being to influence the anti-Semites in the Southern provinces of Russia.

A dispatch from Itzkani on the frontier Wednesday said that 1,500 Jews, old men, women and children who were expelled from Burdzhai, Roumania, after theoir houses had been plundered, are now camped out near Itzkani in the open air.

Safe Blowers Get Busy.

Gadsden, Ala., March 21—The safe of the United States railway postmaster and a wealthy citizen at Wellington, was blown open by expert safe crackers. Nitro-glycerin and mufflers were used. The safe door was shattered without any noise being heard in the community. The robbers got away with $1 in cash, $35 in stamps. The United States railway had deposited a week's cash receipts in the Anniston bank Saturday, otherwise they would have got away with a large sum. W. B. Woodmerch, at Wellington, was sent to Gadsden for assistance, and Convict Superintendent Huffman and the chief, Mr. Jerrard, of Alabama City, went over on the noon train with four bloodhounds. A message received states that one man has been arrested.

Instructions on Earthquake Clause.

San Francisco, March 21.—Judge Hunt nas given instructions to a jury in his court which have important bearing upon the many suits now being brought against various insurance companies which failed to pay the amount of their risk on the ground that the policies provided that the policy would be void if the building fell wholly or in part as a result of an earthquake. Judge Hunt, in instructing the jury, held that the clause applied only when the falling of the building affected rendered the building unfit for occupancy, or destroyed its usefulness.

Treasurer Went Fishing.

Hot Springs, Ark., March 21.—D. R. Barker, who has been treasurer of the Wells-Fargo Express company, here, for the past three years, is missing and the officials of the express company are here for the purpose of going over his accounts. Barker asked permission last Saturday evening of the local agent to go fishing, since which time nothing has been sen of him. He left what was supposed to be the combination to his safe, but when this was tried it would not work. The officials have been endeavoring to gain access to the safe without result.

Woman Kiled by Auto.

Athens, March 21.—M. Simpluos, son of the finance minister, while driving an automobile in the boulevard Singeros last Sunday in a race, it is alleged, with Prince Andreas, a son of King George, ran over and killed a woman. The princess car in which he was accompanied by his wife, was unable to check its speed and also passed over the woman's body. Much indignation is felt by the populace at what is termed the reckless speeding of the motorists.

Boy Shoots Playmate.

Eastman, Ga., March 21.—While shooting robins with a parlor rifle in the back yard of Mr. J. D. Taylor, Jim Taylor, 12 years of age, accidentally shot Orris Harrell, his playmate in the shoulder. While not serious- Harrell's wound is him to

FURNACE COLLAPSES; FIVE PERSONS KILLED

While Undergoing Repairs Lining of Big

PLANT AT BESSEMER CAVES IN

The Debris Is Being Searched for Other Bodies—Six Bodies Have Been Recovered—Uncertain How Many Were Killed and Injured.

Birmingham, Ala., March 21.—A telephone message to the News from Bessemer, Ala., says that early on Wednesday the lining of the big new furnace of the Woodward Iron company, at Woodward, which has been undergoing repairs, fell in and hundreds of tons of brick and mortar buried a number of the workmen engaged on the job.

Up to 8:30 o'clock in the morning, five dead bodies had been taken from the debris.

Dempsey Hayes, a white man, and four negroes, are the known victims.

The debris is being searched for other bodies.

At this hour it is uncertain how many were killed or injured.

Up to 11 o'clock Wednesday six corpses had been taken from the debris, and the workmen are still at work searching the ruins for others, who may possibly be buried, since it is not known exactly how many men were working in the furnace when the lining fell.

The furnace is still hot, having been blown out a week ago, and the men were working in relays of four hours, while water was being constantly used to cool the furnace when the disaster occurred.

The bodies of the victims are badly burned and mangled, so much so, that two of them have not yet been identified.

An unknown white man was taken from the ruins alive but unconscious.

Strike Situation Intensified.

Hammond, Ind., March 21.—The strike situation at East Chicago was intensified Wednesday when 3,000 men employed by the Inland Steel company walked out. Three thousand of these are laborers and the remainder are skilled men. The reason for the walk out was the demand of the laborers for an increase in wages of 25 cents per day. Six hundred men struck Tuesday at the Interstate Steel company, and 1,200 at the Republic Iron and Steel company, and the walk out Wednesday brings the total number of strikers up to over 5,000 men.

Boy Bitten by Mad Dog.

Atlanta, March 21.—Solon Woodberry, the 13-year-old son of Mrs. Ware Woodberry, of Woodberry, Ga., has been brought here to the Pasteur institute to be treated for ugly wounds on both hands, made last Sunday by a pet dog. The young boy was playing with the dog, at the time when bitten. It must have suddenly been seized with the rabbies, for it turned upon him quickly and bit both the boy's hands. The patient is progressing plendidly, and has every chance to recover.

Telegrams of Condolence.

Genoa, Italy, March 21.—Many telegrams of condolence are arriving at San Remo, especially from Russia on the death there of Count Lamsdorff, the former Russian minister of foreign affairs. The Italian government has ordered local authorities at San Reno, to assist in every way possible, the nephew of the deceased statesman, Paul Lamsdorff in carrying out the funeral arrangements.

Creek Floods Does Heavy Damage.

San Jose, Calif., March 21.—More damage has been done by floods in the creeks in the last 24 hours than in the last fifteen years. Erosion of the banks will cover many acres of fine fruit and farming lands while the washing out of bridges, notable the Southern Pacific, will stop all traffic from San Jose to Los Garos by way

THREE HUNDRED CADETS

Will Probably Attend State University Next Year.

The general concensus of opinion, among the cadets now here and other gentlemen in a position to speak from authority, is that fully three hundred cadets will attend the University during the next session.

This will be of incalculable value to Gainesville people, especially to those making their homes in the vicinity of the college. These young men will sing the praises of Gainesville from one end of Florida to the other and it is safe to say that College Park, the new residential suburb, will come in for a large share of that praise.

It's magnificent location, giving all parts of it full view of the University grounds, which grounds the State is beautifying with the evident intention of making them superior to any public grounds in the South, makes College Park, beyond doubt, an ideal location for anyone wishing to make their home in Gainesville, Florida's best home town.

G. B. Burhans, of Carlisle Center, N. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Judge Carter Better.

Hon. Syd L. Carter returned from Worthington Springs Thursday. Judge Carter has been quite sick for the past six or eight weeks, and at one time his friends were apprehensive that he would not be able to be present at the Legislature. We understand, however, that his condition has so greatly improved that without another setback he will be all right within another week.

ATKINSON IN TEXAS.

General Manager of the Tampa and Jacksonville Now in West.

C. N. Atkinson, general manager of the Tampa and Jacksonville Railroad, for the Gainesville and Gulf, is interested in the construction of another railroad in Texas, which is now building, and information comes that he is in Bonham, a thriving town of Northern Texas, which is on the line of the railroad.

Mr. Atkinson's interests in the West, it is said, are quite extensive, but inasmuch as work on the extension of the Tampa and Jacksonville, which began so vigorously a few months ago, has ceased, it is hoped by those most directly interested that his duties in Texas will not detain him so long as to let the work here become perfectly stagnant. The Tampa and Jacksonville will be a good road if it is ever completed according to the surveys.

BIG MEETING OF MUNICIPAL LEAGUE

P. O. S. of A. Hall Was Crowded to Hear Political Arguments.

THE MEETING WAS ONE-SIDED

Although Every Voter in the City Was Invited to Come and Express His Views, No Administration Ticket Advocate Spoke.

The Municipal League held another largely attended meeting at the hall, 113 East Union street, Thursday night, at which meeting Chairman E. C. F. Sanchez presided.

Notwithstanding that this was a public meeting, was so advertised and announced, the large majority of those present were members of the League, other citizens and voters apparently having no desire to hear the issues discussed.

When the meeting had been called to order, Chairman Sanchez stated that it was for the purpose of ratifying the ticket as had been nominated on the Monday night previous, and called for the report of the committee on nominations. This report was presented by Dr. E. Lartigue, chairman of the committee, and was the same as that nominated at the last meeting, with one exception, the name of E. J. Baird having been substituted for that of H. L. Phifer for Member of Board of Public Works, Mr. Phifer having declined to accept the nomination. Upon motion the ticket was ratified as corrected.

Short addresses were made by S. J. Burnett, S. M. Mixson, H. S. Graves, A. L. Vidal and E. J. Baird, all candidates for office, Col. B. A. Thrasher, Benj. T. Arnow, candidate for marshal, H. C. Denton, Dr. E. Lartigue and others, after which the meeting adjourned subject to the call of the chairman.

His Trunks Are Lost.

P. E. Green, representing the Columbus Paper Company of Columbus, Ga., is in all kinds of trouble about the loss of his sample trunks, which he states have been misplaced by the Atlantic Coast Line.

Mr. Green arrived in Gainesville Monday from Ocala, expecting to finish his labors here and proceed on his regular route the following day. He presented his checks to the station baggage agent here, but no trunks could be found, and up to this date every effort has failed to locate the missing samples.

Mr. Green is still at the Brown House impatiently awaiting the recovery of his lost baggage. He declares he will put in a claim for $20 for each day he is prevented from doing business on account of the absence of samples.

An Enjoyable Occasion.

Fish frys and delightful moonlight picnics seem to be the order in society these days, the Lenten season having caused society to deviate from amusements prohibited by this season.

Another party spent the late afternoon and early evening on the shores of beautiful Newnan's lake a day or two recently. An old-time fish-fry was indulged in, and it is needless to add was highly appreciated. There was plenty to eat in addition to the fish, but that part of the menu made the supper more novel.

The party left the lake about 8 o'clock, reaching home at a convenient bed-time, all tired but happy.

Fish Chowder Thursday.

There was a "stag party" at Boulware Springs Thursday, the affair being in the nature of a fish fry and chowder. About a dozen gentlemen participated in the occasion, enjoying a fine fish dinner.

The chowder was prepared by "Uncle" Dave Robertson, while Uncle Joe Shannon, who is an expert in that line, superintended the frying of the fish.

The crowd returned in the afternoon, full of chowder and contentment.

MR. WILSON'S ENERGY.

Sent Teams to Lake Weir From Gainesville to Water His Grove.

One of the most impressive demonstrations of Gainesville energy has just occurred, which is an evidence that the people of the University City are not slow.

W. N. Wilson, one of our most widely known citizens, owns a handsome ten-acre orange grove on Lake Weir, which is in a very thrifty condition, and bids fair to make a handsome yield the coming season. Mr. Wilson, upon a recent visit to his grove, ascertained that the long and continued drought was materially damaging his trees, and he was determined to remedy the situation.

Upon returning to Gainesville Mr. Wilson purchased a number of barrels, employed the services of four double-teams with drivers, and Thursday started them off on a jaunt of more than sixty miles to his grove. It is his intention to invigorate the growth of the trees by hauling water and sprinkling it throughout the grove.

Mr. Wilson left on the noon train, and proposes to personally superintend the work. He estimates that it will require 4,000 barrels of water from Lake Weir to accomplish the purpose, but he is determined to remedy this setback.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Lagrippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

JEWISH WOMEN IN FLIGHT.

Thousands of Terror-Stricken People Crossing Frontier.

Vienna, March 21.—According to a telegram received here from Czernowitz, an Austrian town close to the boundary of the Moldavia, Roumania, advices have been received there from the Austrian frontier police stationed at Itzkani and Suczawa that the anti-Jewish outbreak in Roumania has assumed serious proportions.

Peasants have attacked and plundered Jews at Burduzheni, who are fleeing over the frontier to Itkani.

About two thousand fugitives, mostly women and children, already have crossed the frontier.

Other reports declare that further serious disturbances have occurred at Botosahni, where the peasants have set fire to the houses of the Jews, and as a result almost the entire town is in flames.

General Church Conference.

Chicago, March 21.—The general church conference of the Congregational, United Brethren and Methodist Protestant churches for finally passing upon the union of these three denominations will begin its sessions Wednesday in the Union Park congregational church. The foremost on the questions to come up for debate was given Tuesday night at a banquet of the congregational club of Chicago attended by representatives of the churches from all over the United States. Among the speakers was the Rev. Washington Gladden, of Columbus, O., who urged the union. At least 200 delegates are expected to attend the conference.

KILLS CATARRHAL GERMS.

Breathe Hyomei's Medicated Air and You Will Soon be Well.

If you have catarrh in the nose, head or throat, with offensive breath, coughing, irritation of the throat, raising of mucous, difficulty in breathing, sneezing, husky or hoarse voice, discharge from the nose, tickling and dropping at the back of the throat, especially at night, begin the use of Hyomei at once.

Its healing medication breathed through the neat pocket inhaler that comes with every outfit, will give quick relief in all catarrhal troubles, and its continued use will kill the catarrhal germs, and drive them from the system.

By using Hyomei you get in your own home the same results as though you lived out of doors in the Adirondacks or the Colorado mountains. The germ-killing properties of Hyomei reach the most remote air cells of the respiratory organs, soothing and healing any irritation there may be in the mucous membrane, and killing all catarrhal germs.

Here in Gainesville where Hyomei has been known and sold, there are many who freely attest its wonderful powers, but the best testimony that can be offered in favor of Hyomei is the guarantee that J. W. McCollum & Co. give with every outfit they sell, "money back if it fails."

The complete Hyomei outfit costs but $1.00, extra bottles, if needed, 50c, making it the most economical treatment for catarrh as well as the only one that is sold under a guarantee to refund the money if it fails to cure.

Was Bound Over as Accomplice.

Eastman, Ga., March 21.—Andrew Wrye, who was held as an accomplice in the murder of W. P. Harrell by Mrs. Sallie Freeney, was given a commitment trial. The result was that he was bound over without bond to the superior court to answer to the charge of being an accessory to the crime of murder in the second degree.

King Suffers Cerebral Attack.

Brussells, March 20.—Despite official denials, private investigation confirms the report that King Leopold, who is visiting the Riviera recently, suffered a cerebral attack and was for some time unconscious. He is nearly 72 years old. It is now announced that he will return much sooner than was expected.

Legislature Congratulates Cleveland.

New York, March 20.—The New Jersey assembly in session at Trenton, N. J., adopted a resolution congratulating Grover Cleveland, the only living ex-president of the United States, and the leading citizen of the republic, upon his seventieth birthday.

Women everywhere should remember that the medicine that holds the record for the largest number of actual cures of female ills is

Lydia E. Pinkham's Vegetable Compound

made from simple native roots and herbs. For more than thirty years it has been helping women to be strong, regulating the functions perfectly and overcoming pain. It has also proved itself invaluable in preparing for child-birth and the Change of Life.

Mrs. A. M. Hagermann, of Bay Shore, L. I., writes:—Dear Mrs. Pinkham:—"I suffered from a displacement, excessive and painful functions so that I had to lie down or sit still most of the time. Lydia E. Pinkham's Vegetable Compound has made me a well woman so that I am able to attend to my duties. I wish every suffering woman would try Lydia E. Pinkham's Vegetable Compound and see what relief it will give them."

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female illness are invited to write Mrs. Pinkham, at Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law Lydia E. Pinkham in advising. Therefore she is especially well qualified to guide sick women back to health.

SUBURBAN REAL ESTATE IS RAPIDLY INCREASING IN VALUE

Nothing has a more substantial value than real estate in a prosperous town and nothing pays such rich dividends to far sighted investors as does SUBURBAN real estate.

Gainesville is growing rapidly. Real estate prices in the center of the city are out of sight; hundreds of people are coming here every year; WHERE, THEN, SHALL THEY BUY, IF NOT IN THE SUBURBS? And what suburb offers the best inducements, what suburb would most likely catch their eye? COLLEGE PARK OF COURSE.

Is not the State spending millions of dollars improving adjacent property? Consider these points. Think of the big amount of FREE advertisement College Park derives from the presence of the University of Florida across the Avenue.

You cannot but realize the truth in that Gainesville man's prediction that

A NEW STEEL BRIDGE.

County Will Replace Wooden Bridge Over River Styx With Steel One.

The good people of the southern end of the county are to be congratulated over the fact that they are to have an elegant and substantial steel bridge over the River Styx, at River Styx Crossing, between Micanopy and Hawthorn, in a short time, which will prove of great convenience to the traveling public.

The contract for the construction of this bridge has been let to the Roanoke Bridge Company, the same concern which constructed the steel bridges at Hogtown creek and Santa Fe river. It will be over one hundred feet long, and will be strong and modern in every respect.

This will be the third steel bridge to be put in by the county commissioners, and their action in this direction is certainly appreciated by their constituents.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. SHORT TALKS BY L. T. COOPER.

RHEUMATISM.

Old Mr. Rheumatism hangs on tight and bites and pinches when he takes hold. It's quite a job to shake him off. It's hard to believe that all the pain and trouble he causes comes from such a little thing. Just a tiny bit of acid in the blood the kidneys haven't taken care of. But the kidneys aren't to blame. I used to think they were. Now I know better. It's that over worked and over crowded stomach giving the kidneys part of its work and the kidneys can't do it. I found this out with Cooper's New Discovery. It puts the stomach in shape, that's all it does, and yet I have seen thousands of people get rid of rheumatism by taking it. That is why I am positive that rheumatism is caused by stomach trouble. Here is a sample of letters I get every day on the subject.

LAWRENCE TUSCANY.

"For a long time I have been a victim of sciatica and inflammatory rheumatism, and my suffering has been too great to describe. For weeks I lay helpless with every joint in my body so tender and sore that I could not bear to move. The slightest touch would cause me the greatest agony. Several doctors treated me but they failed entirely. I tried many remedies but nothing seemed to reach my case, so I continued to lay helpless. My kidneys and stomach were affected also. I could eat but little, digest less and gradually my strength left. I lost flesh rapidly.

"I began the use of the famous Cooper medicines of which I heard so much. To my surprise and delight I improved immediately, and after using several bottles I felt like another person. My strength and appetite returned. The pain and soreness left me and now I feel better than I have for months." Lawrence Tuscany, 1122 Aldrich Ave., North, Minneapolis, Minn.

We sell Mr. Cooper's celebrated preparations.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Congress having adjourned, the railroad lobby will now try to work the President.

If commutation rates do not pay, directly or indirectly, why did the railroads ever begin them?

Senator Taylor should move to make it unanimous that Tennessee regrets that Senator Carmack was not re-elected.

Boston scientists declare that the soul of a man weighs about an ounce. That's a pretty poor showing for the Boston soul.

Everybody hates a successful man, declares Mr. Harriman; so the only way to be popular is to be a pronounced failure.

Gov. Hughes says the New York Legislature is not "on his hands." But he needs to keep both his hands and his eyes on it.

Major Seely of the British army says that married soldiers are the bravest. Perhaps war does not seem like much of anything to them.

Instead of retiring millions of acres of public lands, because timber has been stolen, the plan of retiring the thieves suggests itself.

Captain Bill McDonald of the Texas Rangers is thinking seriously of moving upon the United States army and cleaning it out all at once.

With the advent of warm weather the man who thaws dynamite becomes less dangerous, but the fool with the unloaded gun is always with us.

North Gainesville is now an important part of the city and that section will be represented on the next Board of Aldermen, as it should be.

Mr. Tillman is said to be inconsolable over Mr. Spooner's resignation. He probably realizes that no one else can get him going good and strong.

A New York girl seventeen years of age admits of having been married three times already. Cannot the dear ladies start a crusade against polyandry?

As soon as the President seems to have captured an engineer with an "irresistible impulse" to finish the canal, another engineer has an irresistible impulse to resign.

Some real hard work is being done on both sides in this municipal campaign, and the "fine hand" of old political wheel-horses will be shown in the result of the election.

If that Wisconsin millionaire is elected Senator to succeed Spooner somebody may get off John Randolph's old joke and refer to Spooner as the Senator "whose seat is still vacant."

The State officials are to be congratulated upon getting out their reports prior to the meeting of the Legislature. Even the report of the Superintendent of State Schools has been printed on time, a thing that has not occurred for several sessions of the Legislature. And the work is being done in a creditable manner.

ALWAYS WELCOME

Are Our Tourists From the North, East and West.

Editor Sun: Any close observer, accustomed to live near the tourists who visit our resorts in winter, can truthfully bear witness to the mutual pleasure and benefit gained by the temporary, but oft-recurring association. There can be no doubt that harmony in the Union is, in a great measure, to be restored in this way. Those of us who have had the pleasure of thus mingling with the refined and cultured class of the snowy regions can testify that they are much more approachable and pleasing every way than many of us had supposed, and at our village entertainments the visiting ladies have been heard to remark: "The Southern ladies always treat us well." And we of the South find them most charming hosts at their quietly elegant cottages and club-houses, while on the hotel verandas who can resist the fascinating badinage and pleasantry of the charming little widow from Pennsylvania, who likes to have a good time herself and unselfishly assists others to enjoy themselves likewise? Then, the lovely petite widow and the handsome bachelor girl from Massachusetts seem delighted to make little trips and go to entertainments with the local bachelor girls and the young matrons. Who shall say that all these countless acts of courtesy do not tend to reunite a once divided nation, and heal the wounds of political strife? Only a very simple and quiet indulgence in the pleasures of so-called society are kept up in the small villages. At the larger resorts, where many people come and go, and where quite a number remain for the entire season, Cupid sometimes plies his arts, and unites the two sections still more closely. And the proprietors of these resorts deserve much credit for their efforts to make their hotels as home-like as possible. Who does not recognize the genial host and his cheerful, busy wife, who, without any seeming effort, are yet ever exerting themselves for the pleasure and comfort of their guests? Having had the cultivated retired lawyers and physicians and their charming wives, and others of elegant leisure, for so many months and years, how could we now do without their pleasant companionship? God bless our winter visitors; and Heaven be praised for the genial climate that attracts them southward! MOLLIE MELROSE.

Melrose, Fla., March 21, 1907.

The Interstate Commerce Commission has been investigating the causes of wrecks, says The York Commercial, and lays the greatest blame upon the telegrapher. And yet there have been some notable disasters within the last twelve months for which telegraphers or signal men could in no wise have been responsible. There have been a few where considerable loss of human life resulted when the telegraph operator could not escape the charge of error. The commission believes the automatic block system to be the key to safety. Installed on all the roads and with signal men to render assistance wherever necessary, it is almost certain to prevent collisions. It is the belief of the commission that this condition will ultimately be wrought out, and that thereby the safety of the traveling public will be greatly enhanced. The railroad companies manifest a willingness to install the improvement. As to other sources of wrecks, broken rails and so forth, eternal vigilance is the only known preventive.

The Tampa Daily News has been "after" Prof. McClung, superintendent of city schools, on account of certain text books adopted through his influence. The News undoubtedly showed that the books were unfit to be used in Southern schools.

BABY'S DREADFUL CASE OF ECZEMA

Extended Over Entire Body—Mouth Covered With Crusts as Thick as Finger Which Would Bleed and Suppurate—Disease Ate Large Holes in Cheeks—Hands Pinned Down to Stop Agonized Scratching—Three Doctors' Best Efforts Failed to Give Relief.

BUT CUTICURA WORKS A MIRACULOUS CURE

"When my little boy was six months old he had ezcema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down, otherwise he would scratch his face and make an open sore. I think his face must have itched most fearfully.

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before. F. The Gainesville Board of Aldermen enforce a rule that probably does not prevail in any other legislative body in this country, towit: That a majority of all the members elected be required to adopt an ordinance on its final passage. For instance, there are seven members of the Board, a quorum of which is four; this quorum can order bills paid, make contracts, etc., by a vote of three to one—a majority of the quorum—but when it comes to adopting an ordinance on its final passage the entire four members must vote in the affirmative. Queer rule this.

Why was not the section of the city charter requiring one per cent per month interest of those unable to pay for street improvements amended at the same time the amendment was adopted doing away with the publication of ordinances? It was as great an injustice at that time as it is now. It is all right for the money lenders to fill their coffers at the expense of the poor, but all wrong for the poor devil of a printer to make a dollar at legal rates.

If Secretary Loeb is to be required to answer all those third term letters he will certainly deserve that increase in salary.

WEAKENED WALLS OF BRICK.

Collapse of Three-Story Block at the City of Cincinnati, O.

Cincinnati, March 20.—A three-story brick block at the corner of Front and Plum streets, which had been surrounded by the Ohio river flood for several days, collapsed, resulting in the death of two persons and the injury of ten others.

The building was occupied by several Italian families. A middle-aged woman and her 3-year-old child were instantly killed. The building was surrounded by 10 feet of water, which weakened the walls and caused the collapse of the structure.

The police had much difficulty in rescuing the injured, being compelled to use boats.

Oroville, Cal., March 21.—It is estimated that the loss occasioned by the flood in Oroville will not be less than $650,000. The water is now as high as far as Montgomery street. Many business houses in this street have over 6 feet of water, and the individual losses range all the way from $5,000 to $25,000. A telephone office has been established in the second story of the Union hotel and that is the only method of communication with the outside world.

House is Wrecked by Bomb.

Oakland, Calif., March 21.—A bomb was exploded in front of Judge Ogden's house on Allison street Tuesday night. The whole front of the house was destroyed, but none of the family was injured. The bomb had thirty feet of fuse attached so that whoever fired it had time to escape. Judge Ogden suspects an insane man whose name he has given to the police.

CRIPPLED HANDS AND FEET

Marvellous Cure of Rheumatism by MINARD'S KING OF PAIN LINIMENT

"Four years ago I was taken with rheumatism. I lost the use of my hands and had to go to the hospital, but did not get any relief. I also had it in my limbs and body and could not walk for six months. I was a patient in the Homeopathic Hospital, the Emergency Hospital, and the New England Hospital, and did not get any relief from any of them. I also went to the Fourth Grade Hospital in New York. Some of Boston's best physicians attended me and still I found no relief. For three years I could not do any work at all, but for the last year, since using Minard's Liniment, I am able to do all my housework. I think that I know the worth of Minard's Liniment better than any person who has ever suffered with rheumatism. Hundreds of people who know of my suffering give Minard's Liniment the praise. I wish that every one knew the worth of this Liniment as I do. Yours truly, Mrs. Emma B. Williams, 62 Sawyer St., Boston."

Large bottles 25c. and 50c. At druggists and general stores.

For free sample bottle write Minard's Liniment M'f'g Co., So. Framingham, Mass.

Danger of Another Flood Past.

Pittsburg, March 21.—Clearing weather and a cold wind have checked the rising streams at the headwaters and all danger of another flood has passed. Warnings of a 25-foot stage were sent out Tuesday, but from the present indications, the rivers at this point will not go higher than 23 feet.

Women Extinguished Fire.

Montgomery, Ala., March 21.—A serious fire was narowly averted at Centerville, Ala., when fire in the barn of Mrs. M. E. Smitherman was extinguished by the women of the neighborhood. The men of the town were in the business section when the fire broke out, but the women formed a buckt brigad and successfully extinguished the flames.

The dead include one of the teachers and eight members of her class. Scores were buried under the wreckage and there may be additional deaths, as many of the victims are dangerously hurt.

The teacher's body was pinioned beneath a heavy rafter, and it was evident death had been instantaneous.

Were Killed by Explosion.

Columbia, S. C., March 21.—N. R. Lester and a negro hand were instantly killed and another negro was seriously injured as the result of a boiler explosion on the place of Lester, about 5 miles from Prosperity, and caused many persons to rush out of the store and offices to inquire into the cause of the noise about 15 minutes after the explosion was heard. A. M. Lester received a telephone message informing him of the accident Owing to the fact that there are no direct telephone connections with the scene of the explosion, the particulars have not yet reached Prosperity. N. R. Lester was a prominent citizen of this community, and an influential member of St. Luke's Methodist Episcopal church.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Weak Lungs

NEED VINOL

its cod liver oil elements heal and strengthen the lungs

Many people inherit weak lungs which are likely to be attacked by consumption. So also are lungs weakened by disease or by a stubborn hacking cough.

No matter what the cause Vinol strengthens weak lungs and gives one the power to throw off wasting diseases.

The reason that Vinol has such power to heal and strengthen is because it contains in a highly concentrated form all of the curative, medicinal and strength-creating elements of cod liver oil, actually taken from fresh cods' livers, with the useless, nauseating oil eliminated and tonic iron added.

So sure are we of what Vinol will do that we ask every person in Gainesville suffering from weak lungs, stubborn hacking coughs or any wasting disease to try Vinol on our offer to return money if it fails.—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.
